Striving for Excellence: Learning for Life

February 2024

Dear Parents/Carers,

Online Safety Advice

Safer Internet Day is an annual event that took place on Tuesday 6th February. We have recognised this in school throughout the week with a range of discussions, activities and assemblies.

This year the theme has been focused around '**Inspiring change? Making a difference, managing influence and navigating change online.**' We have explored the benefits that the internet and our online interactions can offer us and also the worries it can cause. Our pupils have been challenged about how to use the internet to make a change for the better and to consider how it can influence and change the way we think, feel and act online and offline.

Keeping our children safe online is incredibly important and it is very sad to consider how many dangers our children can so easily become exposed to. To further support you in holding conversations with your child, I have attached some advice that has been produced by Stay Safe Worcestershire.

Yours sincerely,

Mrs Mynott
