

Aston Fields Middle School

Striving for Excellence: Learning for Life

April 2026

Dear Parents/Carers,

Next week, Year 7 will begin a topic about reproduction. This unit of work is part of the Science Curriculum which follows the National Curriculum set by the government.

Key objectives in the unit will include:

- physical and emotional changes that take place during adolescence.
- the human reproductive systems, including the menstrual cycle and fertilisation.
- how the foetus develops in the uterus, including the role of the placenta.

At Aston Fields Middle School, we have successfully delivered this unit of work for many years, but we also know that some families like to know in advance so that they can talk to their children about it.

Should you have any questions, please feel free to email me.

Kind regards,

Miss K McNamara
Director of Science/Year 7 Class Teacher

ACE School of
CHARACTER

Headteacher: Mrs A. Hales BSc (Hons), PGCE, NPQH
Deputy Headteacher: Mrs J. Birrell BSc (Hons), QTS
Deputy Headteacher: Mr G. Hall BA (Hons), PGCE, NPQSL
